

Date: **March 4, 2026**
Project: **AAP Drilling Field Work**
Solicitation No.: **AIDEA26-048**
Addendum No. **Two**

TO ALL PLANHOLDERS:

The enclosed addendum amends the documents for the above referenced Project:

1. **Request:** The RFP states the minimum core diameter shall be 4 inches in diameter. This specification will require a significantly larger helicopter to transport drill rigs and will have a very large impact on total project cost. Can the core diameter can be reduced 1.5” to accommodate a mobile drilling unit typically used for remote air transport locations?

ANSWER: *No, the borehole diameter requirement remains at 4 inches.*

2. **Change:** Text is added to Section 1.06.

ADDITION: *“All questions must be received by AIDEA by Friday, March 6th, 2026, 4 PM AKST. This will allow time for the issuance of any necessary amendments.”*

END OF ADDENDUM

We appreciate your participation in this solicitation.

Sincerely,

Michael Bell
