

ADDENDUM ONE

**Request for Proposal 15087
DOA RFP #2015-0800-2930**

Alaska Intertie Snow Load Monitoring System (SLMS) Maintenance & Ground

January 22, 2015

FAX TO: All RFP recipients on record.

The Invitation to Bid (ITB) is hereby clarified or changed as follows:

1. The ITB deadline remains the same.

QUESTIONS AND ANSWERS:

2. **Q:** Section 1.1, Task 1: Routine Maintenance, item no. 5. Please provide clarification regarding "other duties as identified through communication between Contractor and ML&P dispatcher." specifically, what potential activities/services may be requested?

A: The Contractor shall respond to malfunctions to the server or on-site equipment located in the ML&P dispatch center.

3. **Q:** Section 1.1, Task 1: Routine Maintenance, item no. 4. Are equipment or systems repair activities anticipated for battery locations?

A: The Contractor may be required to troubleshoot alarms, determine the appropriate correction, and work with the ML&P dispatch center to schedule repairs.

4. **Q:** In performance of Section 1.1 Primary Scope of Work, does AEA anticipate the Contractor provide any materials for any activities?

A: It is possible, dependent upon the circumstances associated with correction action required for repairs and/or maintenance.

All other terms and conditions remain the same.

END OF ADDENDUM

We appreciate your participation in this solicitation.

Sincerely,

Michele Hope
Procurement Manager
